Given worldwide events and their impact on New Year's Eve in Times Square, it is impossible to predict the actions necessary to ensure the safety of all in attendance. There may be times when the police department needs to freeze certain blocks for a period of time. Local businesses should strongly encourage their guests to arrive early. Local businesses MUST have a representative at the closest corner to identify their guests to the police officer on the post to facilitate access. **Unless there is a representative at that corner, your guest will be delayed or refused access.**

Due to Security Concerns, outdoor viewing from buildings is prohibited. Property managers should ensure that access is restricted.

Dear Sir or Madam:

This letter is to request your assistance in coordinating activities in the Times Square Area on New Year's Eve. For premises located between 6th Avenue and 8th Avenue from 34th Street to 45th Street, we require that your guests/employees enter from either 6th Avenue or 8th Avenue at the cross street closest to your premise. Guests will not be able to cross Broadway/7th Avenue between 42nd Street and 47th Street to get to a venue. Large crowds in the Times Square Area may necessitate the implementation of frozen areas earlier than previous years; therefore, your employees and guests should be familiar with detour information.

To cross police lines on New Year's Eve your guests/employees should have a printed invitation or company ID with the address of their destination. You must have an invitation for each location you are visiting. One pass for multiple venues will not be accepted. We also mandate that you have a representative located at either 6th Avenue or 8th Avenue with a guest list to assist with arrivals.

We are in the process of compiling a list of New Year's Eve events. Please contact Detective Ed McDonald or Detective Thomas Burns at 212-239-9846 or fax them any information at 212-239-9883 as soon as possible.

Thank you for your cooperation.
