

"2-0-2-0"

Giant Sized New Year's Numerals
Fact Sheet

Each year at the stroke of midnight on December 31st, the lights on the New Year's Eve Ball are turned off as the numerals of the New Year burst to life shining high above Times Square.

Each giant New Year's Numeral "2-0-2-0" will stand 7 feet high.

The four numerals use a total of 618 9-watt energy efficient LED bulbs. The numeral "2" contains 145 bulbs, the "0" contains 164 bulbs, the numeral "2" contains 145 bulbs, and the numeral "0" contains 164 bulbs.
